

FOOD AND DRINK POLICY

Policy statement

St. Andrew's Montessori regards snack and meal times as an important part of the setting's day. Eating represents a social time for children and adults and helps children to learn about healthy eating. We promote healthy eating using resources and materials from the Pre-school Learning Alliance campaign *Feeding Young Imaginations*. At snack and meal times, we aim to provide nutritious food, which meets the children's individual dietary needs.

EYFS Key themes and commitments

A Unique Child	Positive Relationships	Enabling Environments	Learning and Development
1.4 Health and well-being	2.1 Respecting each other 2.2 Parents as partners 2.4 Key person	3.2 Supporting every child 3.4 The wider context	4.4 Personal, social and emotional development

Procedures

We follow these procedures to promote healthy eating in our setting.

- Before a child starts to attend the setting, we find out from parents their children's dietary needs and preferences, including any allergies.
- We record information about each child's dietary needs in her/his registration record and parents sign the record to signify that it is correct.
- We regularly consult with parents to ensure that our records of their children's dietary needs - including any allergies - are up-to-date. Parents sign the up-dated record to signify that it is correct.
- We display current information about individual children's dietary needs so that all staff and volunteers are fully informed about them.
- We implement systems to ensure that children receive only food and drink that is consistent with their dietary needs and preferences as well as their parents' wishes.
- We display the menus of meals/snacks for the information of parents.
- We provide nutritious food for all meals and snacks, avoiding large quantities of saturated fat, sugar and salt and artificial additives, preservatives and colourings.
- We include a variety of foods from the four main food groups:
 - meat, fish and protein alternatives;
 - dairy foods;

- grains, cereals and starch vegetables; and
- fruit and vegetables.
- We include foods from the diet of each of the children's cultural backgrounds, providing children with familiar foods and introducing them to new ones.
- We take care not to provide food containing nuts or nut products and are especially vigilant where we have a child who has a known allergy to nuts.
- Through discussion with parents and research reading by staff, we obtain information about the dietary rules of the religious groups to which children and their parents belong, and of vegetarians and vegans, and about food allergies. We take account of this information in the provision of food and drinks.
- We provide a vegetarian alternative on days when meat or fish are offered and make every effort to ensure Halal meat or Kosher food is available for children who require it.
- We require staff to show sensitivity in providing for children's diets and allergies. Staff do not use a child's diet or allergy as a label for the child or make a child feel singled out because of her/his diet or allergy.
- We organise meal and snack times so that they are social occasions in which children and staff participate.
- We use meal and snack times to help children to develop independence through making choices, serving food and drink and feeding themselves.
- We provide children with utensils that are appropriate for their ages and stages of development and that take account of the eating practices in their cultures.
- We have fresh drinking water constantly available for the children. We inform the children about how to obtain the water and that they can ask for water at any time during the day.
- In order to protect children with food allergies, we discourage children from sharing and swapping their food with one another.
- Food temperature is taken and logged daily. Temperature probes are checked monthly, with a separate probe being used for allergy sufferer foods to avoid cross contamination. Probes are wiped after each dish has been tested.
- Staff will set a good example of good table manners. Children will be encouraged to say "Please" and "Thank you" and to sit still.
- Children will wash their hands before and after eating. Children will be encouraged to wait before starting their meal until all the others are ready to start.
- Children are encouraged to eat all their lunch, but if they show any signs of distress they will be allowed to leave anything they do not want. All remaining food will be taken home for the parent/carer to see exactly what their child has eaten. Any child in distress during meal times will be noted by the teacher and Management/teacher will speak to the parent/carer to discuss this.
- Children who are slow eaters will be given time and not rushed.

- Hot drinks are not allowed in St. Andrew's Montessori at any time during the school day. Drinks must be kept in the Staff Room.

Packed lunches

Where we as a setting cannot provide cooked meals and children are required to bring packed lunches, we:

- ensure perishable contents of packed lunches are refrigerated or contain an ice pack to keep food cool;
- inform parents of our policy on healthy eating;
- inform parents of whether we have facilities to microwave cooked food brought from home;
- encourage parents to provide sandwiches with a healthy filling, fruit, and milk based deserts such as yoghurt or crème fraîche where we can only provide cold food from home. We discourage sweet drinks and can provide children with water or diluted fresh fruit juice;
- discourage packed lunch contents that consist largely of crisps, processed foods, sweet drinks and sweet products such as cakes or biscuits, nuts and seeds (or traces thereof). We reserve the right to return this food to the parent as a last resort;
- provide children, bringing packed lunches, with plates, cups and cutlery; and
- ensure staff sit with children to eat their lunch so that the mealtime is a social occasion.

Legal Framework

- Regulation (EC) 852/2004 of the European Parliament and of the Council on the hygiene of foodstuffs
